## Product Status

Iteration	Tests passed	Tests failed
0	1	0
1	26	0
2	10	0
3	10	0
4	10	0
5	32	0
6	17	0

## Process Status

Submissions Well-paced submissions. Allowed time for comments in between submissions.

Progress Latest submission: iteration 6

TDD Sound evidence of TDD. Red-light commits focus on test construction; green-light commits focus on production code; code is built in manageable increments; TDD cycles show progression of changes.

Code quality No code smells evident.

## Course status

Video streaming Good record of streaming. Videos from "Process in Practice" module streamed.

## Summary

Overall You have my full and enthusiastic endorsement

Your self assessment: A

My assessment A Nice job, thanks.
